

**March 5
2019**

Welding Engineering Technology Industry Night

**SAIT Polytechnic, Macdonald Hall
1301 16 Ave NW, Calgary**

RSVP: Eventbrite – Industry representatives needed!

Summary:

First and second year Welding Engineering Technology (WET) students are invited to this industry networking event. This will include a Q&A period for an industry panel designed to allow students to see a line of sight for future careers in the welding industry and allow them an opportunity to ask questions to industry representatives.

- Network with welding and WET alumni**
- Get to know other SAIT students and instructors**
- Learn about current industry opportunities**
- Ask industry members any questions you may have**

Although this event is primarily for SAIT students if you are a WET alumni or in a similar industry position and are interested in becoming a member of the industry panel for this event please select the icon on the RSVP confirmation page.
