

## TORONTO CHAPTER

News & Seminars

Update January 2016

**Tuesday, February 7, 2017**

**CWB Group**

**8260 Park Hill Drive, Milton, Ontario Tel: (905) 542-1312**

### **Comparative Review of Welding Standards Followed Around the World: CSA vs AWS & ISO**

**Presenter: Cristian Zanfir**

The purpose of this presentation is to provide the audience with a comparative review of these Standards' requirements and an overview of their similarities and differences. While in Canada and US welding requirements are driven by the building code and product standards, in Europe the welding requirements are driven by legislation and product standards. This presentation will describe the building code and legislation requirements. Also, some examples will be given to show the requirements for qualification of welding personnel and welding procedures as outlined in these standards.

#### Speaker's Bio

Cristian Zanfir joined CWB Group in 2004 when started his new career as a certification representative in Ontario region. During his career with the CWB Group he's held several roles like Procedure Verification Engineer, Supervisor Ontario Operations, Supervisor Procedure Verification Engineer and Electrodes Certification Department. Today, Cristian is working for the Office of Public Safety of the CWB Group as Assistant Manager Standards. He's main role is to contribute to developing standards within a large number of standards committees of the AWS, ASME, CSA and ISO organizations.
