## Topic

### Our speaker will be: Nicole LeClair

Join Nicole LeClair on Dec 6<sup>th</sup> to learn more about her journey through the trades throughout the past 25 years - what led her there and what kept her there.

She is extremely dedicated to the trade of welding and has even created The Nicole LeClair Welding Bursary Award from her own funds.

Over the past 4 years, she has given out \$33,500 worth of funding in order for Ontario students to pursue welding at the post-secondary level.

Some of her credentials include being Red Seal certified, a Welding Engineering Technologist, Welder Fitter, a welding inspector and an International Welding Technologist as well.

She is a professor of welding at Mohawk College and educating students is by far her greatest area of interest of all her work thus far. More info can be found at:
