

Our Atlantic Office has moved

The Canadian Welding Bureau's (CWB) Atlantic Canada office is relocating to better service its clients in the growing region.

The office is moving from its current location at 73 Tacoma Drive, Suite #304, Dartmouth, NS to a larger space with more test stations and an easier accessible location of 201 Brownlow Avenue, Suite 44, Brownlow Business Centre in Dartmouth, Nova Scotia on March 1, 2016.

"Both Atlantic Canada and the CWB are growing, so this decision to relocate our office space to a larger location makes perfect business sense," said Doug Luciani, President and CEO of the CWB Group. "We're here to ensure our clients receive the best service possible, and to accommodate their needs expansion was the best solution."

"This relocation will be seamless for our clients as our staff works diligently to ensure the transition runs smoothly," he said. "I would like to say thank you to our clients for their understanding and helping us grow to better serve the Canadian welding industry in Atlantic Canada."
