The 2025 Productivity Award sponsored by Linde Canada Inc. will be presented to a company that has made an investment and a conscious effort to increase efficiencies and productivity of its operations. The investment maybe in automation, process or procedure improvement. The nominations must be supported by documentation and a detailed description of your process before and after implementing your improvements. The selection will be made by the awards committee and the winner will be notified by the middle of April.

The award consists of a CWBA plaque and a **\$5,000 cash prize**.

The 2025 award will be presented at the Red Deer Resort and Casino.

Congratulations to our previous winners:
